

Efficient and Secure Hand Labelling Systems

SA MARK II SP MARK II

Using the techniques of "PSP" secured feeding mechanism ("Push", "Separate" and "Pull") makes label dispensing secure and smooth.

Small and Lightweight

- Users can work for longer hours without tiring

Reinforced Plastic Casing for Enhanced Durability

- Labelling can be used in all types of working conditions

Easy Label Loading

- Users are able to load labels with ease

Uses Rubber Band That Produces Clear Print Image

- Maximum clarity in printout

Prints Up To A Max of 8 Characters

- Ability for more information to be shown

MARK II series labellers, SA MARK II and SP MARK II are easy to use one line labeller with the ability to print up to a maximum of 8 characters.

Durability is further enhanced with reinforced plastic casing, making it suitable to be used in virtually all types of labelling conditions

Crisp and precise rubber print bands provides maximum printout clarity. SATO's MARK II series is suitable for applications like pricing, date coding and inventory control.
